## What is the Difference Between Basic CRA and Advanced CRA?

CRA	ACRA
<b>Basic and core topics and exercises</b> Certain educational background is strongly recommended to enter the industry <b>Designed for non experienced individuals to enter into field</b>	<b>Advanced topics and exercises</b> Prior training or relevant experience is required  <b>Designed for experienced professionals to add new skills set</b>
<b>In depth knowledge of roles and responsibilities of CRA + theoretical aspect with projects which help to understand industry requirements</b>	<b>Exposure to diverse CRA exercises, real time documentation + advanced learning supported by practical case scenario tasks and follow up process</b>

The typical career pathway of CRA begins from entry level position working as Clinical Research Assistant.

The promotion to mid level positions comes with progress and experience while the opportunities remain open for Clinical Research Associate and Documentation Specialist.

## Education Preferred by Employers Hiring for CRA positions:

- Pharmacy - 40%
- Pharmacology or Toxicology - 60%
- Nursing - 50 %
- Public health - 40%
- Biotechnology - 30%
- Medicine - 30%
